Thank You

A huge thank you goes out to all the staff, students, and families involved in helping create The Sachem. It is a tedious yet fun and enjoyable experience to create layouts, take pictures, write descriptions, and collect quotes to make each page a unique portrayal of our school. This project involves team work and leadership to make it all happen, and the Sachem Staff would like to acknowledge a few individuals who took leadership and were an essential part of the process.

The Lifetouch Publishing Representative, Mrs. Debbie Cohen, was our go-to person when it came to creating distinct themes for our book that recounted our school's character. She introduced the video aspect to us, hoping it would become a tradition in Agawam High's yearbook. Mrs. Cohen was a dedicated mentor — she even came to talk to us on her day off!

The staff of G&B Photography played an active role in taking pictures for our book. Not only did they take pictures of all the undergraduates, they also captured some beautiful senior portraits, caught sports games in action, and came to all the special events as well. Their punctuality made the production a lot easier for the Yearbook Staff.

The secretaries in the main office have done an immense amount of work getting lists of students, tracking down students to interview, and helping with other information. We would like to thank Mrs. Barrows, Mrs. Roberts, and Mrs. Couture for all of their help throughout this year.

We would also like to thank the staff of the counseling and athletic offices for obtaining names of students involved in sports and helping us determine where students were during E period. We appreciate the time they've taken to help us put this yearbook together.

In addition, we would like to thank our adviser, Mrs. Weyant, for all of the time and effort she has put into producing this yearbook. She has taken a lot of time out of her personal life to make sure this yearbook was submitted on time and looked perfect. We could not have possibly produced this book without her.

Finally, we would like to thank everyone who purchased this book for giving us the opportunity to create it. We hope that you enjoy reading it as much as we enjoyed producing it. Years from now when you read this yearbook, we hope that you will remember all of the memories you created throughout the 2015-2016 year.

Class of 2016

Congratulations Class of 2016! We did it! We made it to our senior year, and now we are going to move on in the world. These past four years at Agawam High School have taught us so many lessons and given us so many opportunities to further our education. Thank you to our class officers, Thomas Dagenais, Frank Mastromatteo, Madeline Joyal, and Jenna Beach for creating and planning the events to make our senior year memorable. It is time for us to take the experiences and education we have gained in our years at Agawam and apply them to the real world. While we have created countless great memories and good times, we are psyched to cross the threshold into our new journey.

Class of 2016

Freshman Year

Freshman year of high school marked the beginning of an important journey. The start was exciting, but also a huge adjustment. There was no doubt that some challenges would lie ahead as we adjusted to a new school and social dynamics, but we hoped it would be a fun journey. We learned a lot about ourselves. We learned what classes we did and didn't like, what our interests were, and what we wanted to pursue. The first few days may have left us feeling lost or uncomfortable, but with the help from teachers and other students, it wasn't so bad after all. We were the newbies that took up more space in the lunch lines and stopped in the middle of the hallway, but we quickly learned to find our way.

Sophomore Year

Wow, sophomore year flew by didn't it? We had two more years. Being a sophomore this year made Pep Rally much more exciting and we gave it our all during the competition. We finally fit in. Our class officers were reelected; Troy Gallerani and Thomas Dagenais as Class President and Vice President with Madeline Joyal and Jenna Beach as Secretary and Treasurer. This was the year the school began Spirit Week, which made our sophomore year more memorable.

Junior Year

Junior year finally hit us, we were about to be top dogs of the school. Making the most of junior year showing who's best by dominating the senior girls in Powder Puff, followed by showing we had the most school spirit at Pep Rally. Class officers were Troy Gallerani, Thomas Dagenais, Madeline Joyal, and Jenna Beach. The junior senior prom, An Evening in Wonderland, was a night where everyone came together and shared the dance floor and made many memories. By the end of junior year we had made our mark and we were ready to claim our senior year.

On July 2, 2015, Antonio Bruno had a near fatal experience falling into the Southwick Quarry. Luckily his girlfriend, Sydney Bryden, was there to keep him stable until the paramedics arrived. The paramedics told Sydney that if it weren't for her, Antonio would not have made it. Congratulations to Sydney for her quick response and for being awarded the Act of Heroism Award from Mayor Cohen.

Take this time to remember all of the memories we've made and the people we've met. Remember all of the laughs, the tears, and the smiles. Four years you can never get back, but four years you'll always remember.

Senior Year

Walking into the high school as a senior was like a dream. None of us could believe our time had finally come, this year was all about us. Starting off the new year electing class officers, Thomas Dagenais, Frank Matromatted, Jenna Beach, and Madeline Joyal, leading us to the best year possible. The seniors pulled off an amazing performance during an aggressive Powder Puff game against the junior girls. Starting with winning Pep Rally in order to get the football team ready to beat West Springfield on Thanksgiving, which they did win with flying colors. Right from the beginning, senior year was going to be a blast. Continuing to Kid Party, Sporting Events, Senior Trip to Fenway, High Meadows, and Prom. After these four years, we all gather at graduation to sit one last time as a class, then say our goodbyes and begin our new journeys. Good luck Class of 2016, we will never be forgotten!

A special thank you to our dedicated and hardworking class advisers, Mary Bonavita and Kathryn Procter, for your help throughout our four year journey in high school, from the first day we walked in our freshman year, to the day we graduate. The amount of effort you put in to make events such as pep rally, powder puff, and class trips happen is greatly appreciated. We also thank you for handling our class dues, class apparel, and more. Together with you, the class officers, and the student body of the Class of 2016, memories were made that will last us a lifetime, and we thank you for that.

Kid Party

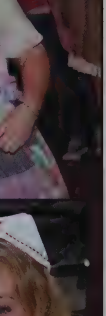

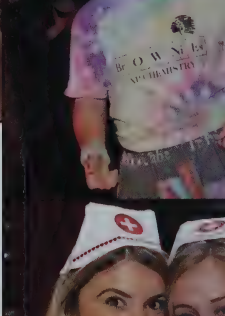

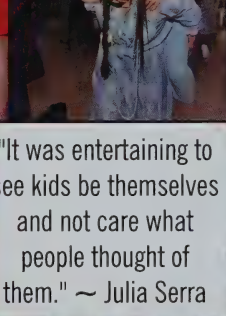

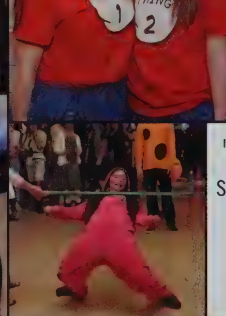

"It was a night to remember."
~ Victoria Castro

On November 20, the class of 2016 enjoyed a party they will never forget; the annual Senior Kid Party. The costumes were awesome. There were old grandmas and grandpas, Thing 1 and 2, medical personnel, candy, super heroes, and villains to name a few. The costume favorites were Brendan Garvey and Jacob Root for Best Duo, Cat and Dog; Sarah Roulier for best female individual costume, Gum Ball Machine; and Frank Mastromatteo for best male individual costume, The Joker. The party was filled with great food, games, music, and of course, dancing. A great time was had by all under the AHS disco ball.

2017 Loops

Juniors

This year, we finally became upperclassmen, where we played in the exhilarating powder puff game and enjoyed prom. Our class officers, President Jonathan Kelley, Vice President Joseph Joyal, Secretary Garrett Hollander, and Treasurer Nick Pietroniro made the year eventful while the class advisers, Mr. Corbin and Mr. Stinson captured our memories. We started planning for our future by researching and visiting campuses to find our dream school. Although this year was our High School Musical stage, senior year will be the start of something new.

Sophomores

Congratulations, Class of 2018! We're officially halfway through high school. We're even done with the dreaded MCAS. Led by President Jake Wieners, Vice President Benjamin Vyce, Secretary Grace Rinaldi, and Treasurer Nicole Mercadante, we have made it through another successful school year. Next year, we'll officially be upperclassmen where we'll encounter new challenges - getting our licenses, taking the SAT, and taking AP classes. With the help of our class advisers, Ms. Climo and Ms. Pronovost, we have had a great two years and can't wait to see what the final two years of high school have in store for us!

Freshmen

Together with our advisers Mr. Lovely and Mr. Rowley, we have officially made it through our first year at Agawam High School! Although we may have gotten lost at times finding our way to the pool on the roof, the map in our agenda showed us the way. We would also like to thank President Emily Oliver, Vice President Jared Durocher, Secretary Isolina Cipriani, and Treasurer Meghan Haines for making our first of many Pep Rallies and other high school events memorable. Now we move on and leave the "freshmen jokes" behind us.

The faculty and staff at Agawam High School make a large impact on our lives. Not only do they teach and educate us, they also guide and support us with our many decisions. These people take a lot of time to provide us with the help we need to get through high school. Without them, our lives would be completely different.

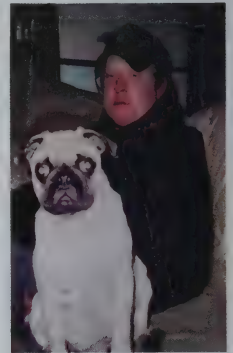

Agawam is very lucky to have such incredible and exceptional teachers to lead us in our four years here. Thank you to each and every one of you for helping us along the way.

In Loving Memory of Andy Pac

Andy Pac was the head custodian here at Agawam High School. Andy was more than just our custodian, he was our friend and an integral part of our AHS family. Andy always had time to help. He was there for all of us and he treated everyone the same no matter who they were. You could often find Andy mentoring a young person or taking on interns. Andy was the type of person who could make you smile on even the worst of days. He will be greatly missed by all of the students and staff here at Agawam High School.

Staff Retirees

Catherine Gomes

Mrs. Gomes has been working in the field of education for 25 years and has worked at Agawam High School for 14 of those years. She has always had a passion for health and believes that teaching is the best way to transfer that passion. A highlight of her career was when a student of hers said that she used the Heimlich maneuver to save a child's life. Mrs. Gomes will miss the camaraderie that she has with fellow teachers and students, and the rewards that she has received from seeing students apply what they learned to their lives. During her retirement Mrs. Gomes plans to travel, enjoy Florida, and continue her work with CPR. A message she would like to leave to the students at AHS is, "Learning doesn't stop with graduation. You can grow as an individual and become a better person each and every day."

"Respect yourself, respect others, and be responsible for all your actions." — Catherine Gomes

Mary Murray

Ms. Murray chose to teach because she believed she could make a difference in a young adult's life. She wanted to be a positive influence in both the classroom (gym) and in the real world. Ms. Murray wanted to support her students academically, in their extra-curricular activities, and in the social drama that we call "high school." She wanted to make an impact and open up their eyes to all possibilities. Ms. Murray has worked in the field of education for 38 years with 22 of those years at Agawam High School. The highlight of her career is making connections with former and present students. During her retirement, she plans to spend a lot of time at the Cape; she is happiest at the beach. She will miss first and foremost her students, the secretarial staff, custodians, and cafeteria workers!

"Follow your passion, stay true to yourself, and dare to be different." — Mary Murray

Robert Janik

Mr. Janik did not start out wanting to be a teacher. He planned to be a wildlife biologist, but while looking for a position he began substitute teaching and realized that he had the opportunity to unlock the potential in students to become lifelong learners. Not every student will succeed in my class, but this fact did not keep me from believing that every student has the potential for success. He has been in the field of education for 32 years and has worked at Agawam High School for 21 years. Mr. Janik has had many rewarding experiences here at Agawam High. He will miss the students and the challenges. During his retirement he plans to enjoy life. A message he would like to leave to the students is, "Work hard in school. Go to college. A good education will lead to career success, which will provide you with a satisfying life."

"To my students... become the best person that you can possibly be." — Robert Janik

William Zaengle

Mr. Zaengle was an accounting major, but did not see it as a long term job. Instead, he wanted to become a better technology education teacher than the technology education teacher he had in high school. He has been working in the field of education for 32 years and has worked at Agawam High School for 25 years. Teaching at Agawam High School was one of the highlights of his career. Mr. Zaengle will miss all the students he has worked with over the years, but he is definitely ready for the next chapter. He plans to "join in a whole other lifetime" and own more cars and property. A message he would like to leave the students at AHS is, "The first horse out of the gate is not always the winner. Believe in yourself and do not get too wrapped up in technology."

"It's been a good run." — William Zaengle

WAHS: Special Events

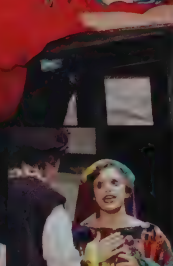

WAHS: Spring Play 2015

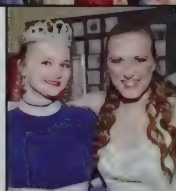

"Because it was a play within a play, if we messed up it looked like we were supposed to mess up. Also, Frank had to be a squirrel, so that was fun." ~ Alexander Kiddy

"Wearing makeup was really fun; the guys got to wear guyliner." ~ Samantha Fett

The Worst High School Play in the World is actually a wonderful play that tells the frustrations of a director and the attitudes of high school actors. The play opens as an ambiguous "Drama Club" is preparing to open their medieval play *The Squirrel King*, which tells the tale of Queen Nina, played by Kaylee Andrews, and her husband, Isadore, who is a prisoner at war. Her quest is to save her newborn son, Ivanha, played by Frank Mastromatteo, from her murderous brother-in-law, Viscera, played by Darren Lussier, who is vying for the throne of Saxonia. This play requires much creativity and flexibility from the students and encourages them to think about all aspects of play production. Senior Brandon Woodford said about the play, "It was very hard to prepare but it's a lot of fun in the end and the result is always amazing." All the students in play production are truly talented and hardworking as displayed by the awesome performances and dedicated crew.

"All of the cast is one family and we became close through our hard work. We take care of each other." ~ Jessica Fontaine

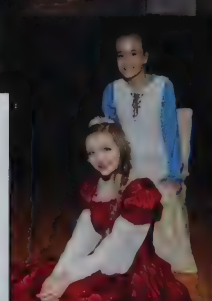

"I thought it was well thought of and put together. Everyone worked very hard and did an amazing job. It couldn't have been better!"

~ Kaylee Andrews

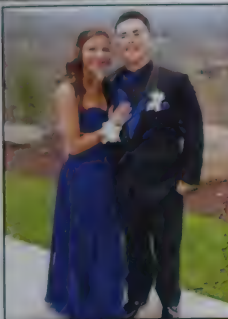

"I was shirtless in front of people I never thought would see me shirtless."

~ Frank Mastromatteo

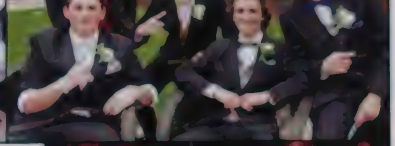

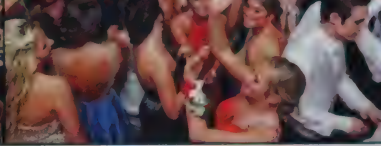

WAHS: Prom 2015

"Prom was fun and the food was really good. I can't wait to go back next year."
~ Mikayla Diedrick

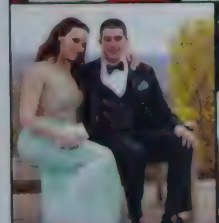

"My favorite thing about prom was dancing. It was pretty fun." ~ Dominic Grasseti

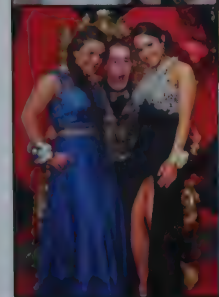

"My favorite part of prom was being able to get dressed up with all of my friends."
~ Madison Aubrey

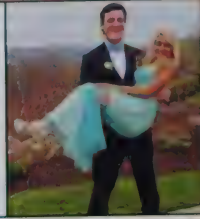

Everyone has been so ecstatic and waiting for prom all year long. When "An Evening in Wonderland" had finally arrived, we were not disappointed! Excitement had been flowing through the air as we all arrived in fancy cars, limos, and party buses. Upon entering The Log Cabin, everyone could immediately see the amazing work our peers had put into it to make our prom one to remember. Once seated and enjoying our meals, we were given the opportunity to sit and take pictures of the throne in the front of the room and also with the Queen of Hearts. When everyone was finished, we headed into the ballroom to dance the night away in what looked like a scene straight out of Wonderland. After Lauren Hartmann and Daniel Dobek were named Prom King and Queen and Troy Gallerani and Madeline Joyal were named Prom Prince and Princess, we were left with a new deck of cards as a keepsake of the night and wonderful memories to look back on as well.

"I loved dancing and enjoying the atmosphere." ~ Kevyn Martins

"Prom was very fun. I liked the theme and the DJ was cool. The venue was beautiful."
~ Brooke Miller

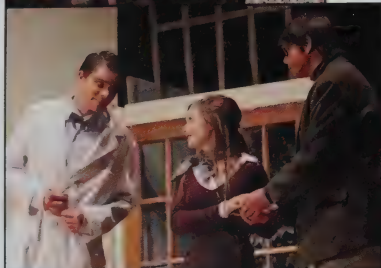

WAHS: Fall Play

"I thought it was very dark, very horrific, and I loved dying."
~ Frank Mastromatteo

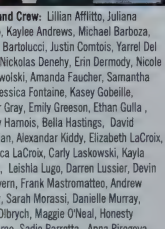

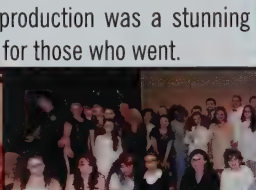

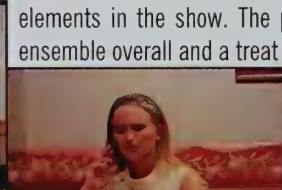

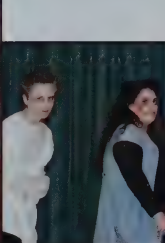

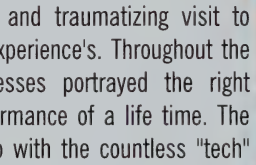

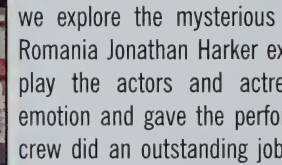

"Pretty awesome!"
~ Michael Barboza

"He's coming..."
Agawam High School's drama performance of "Dracula" was a hair-raising execution of the 1960s Victorian thriller written by Tim Kelley. We begin the first scene at Dr. Quincy's mental institution for the clinically insane, with Grimm (the lead orderly), getting distracted by a light in the neighbor's estate, Carfax Castle. We discover that Dr. Quincy's young niece, Lucy Westenra, is suffering through an unusual illness. On top of that, we explore the mysterious and traumatizing visit to Romania Jonathan Harker experience's. Throughout the play the actors and actresses portrayed the right emotion and gave the performance of a life time. The crew did an outstanding job with the countless "tech" elements in the show. The production was a stunning ensemble overall and a treat for those who went.

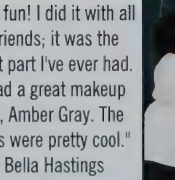

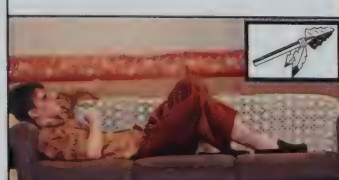

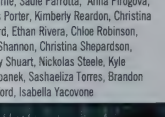

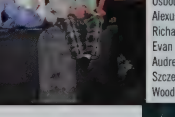

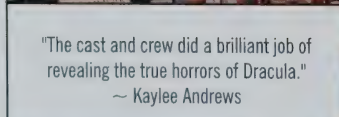

"I was nervous but excited and I am proud of how we did."
~ Christina Richard

Cast and Crew: Lilian Affitto, Juliana Amato, Kaylee Andrews, Michael Barboza, Elaina Bartolucci, Justin Combs, Yarell Del Valle, Nickolas Dennehy, Erin Dermody, Nicole Dobrowski, Amanda Faucher, Samantha Fett, Jessica Fontaine, Kasey Gobeille, Amber Gray, Emily Greeson, Ethan Gulla, Ashley Harnois, Bella Hastings, David Javadian, Alexander Kiddy, Elizabeth LaCroix, Rebecca LaCroix, Carly Laskowski, Kayla Laurie, Leishla Lugo, Darren Lussier, Devin Magovern, Frank Mastromatteo, Andrew Mccoy, Sarah Morassi, Danielle Murray, Faith Olbrich, Maggie O'Neal, Honesty Osbourne, Sadie Parrotta, Anna Pirogova, Alexis Porter, Kimberly Reardon, Christina Richard, Ethan Rivera, Chloe Robinson, Evan Shannon, Christina Shepardson, Audrey Stuart, Nickolas Steele, Kyle Szczepanek, Sashaeliza Torres, Brandon Woodford, Isabella Yacovone

"The cast and crew did a brilliant job of revealing the true horrors of Dracula."
~ Kaylee Andrews

"It was fun! I did it with all my friends; it was the biggest part I've ever had. We had a great makeup artist, Amber Gray. The crazies were pretty cool."
~ Bella Hastings

WAHS: Costume Day

"I've always enjoyed 'showing another side of me' to my students. Humor is a big part of my life. It was my 4th consecutive year of winning best group costume. I think the students really appreciated it!"
~ Ms. Murray

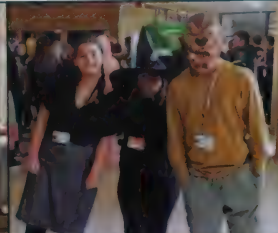

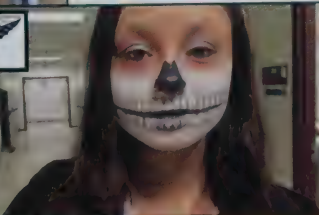

"I always enjoy participating in costume day, even though people say I don't have a heart."
~ Mr. Schnepf

"In honor of Ms. Murrays last year, it was really fun to dress up like her. Students were mistaking me as Ms. Murray all day."
~ Ms. Waters

The Peer Leadership group sponsors a costume week to raise money for charity. This year they raised \$1,300 for the Wounded Warrior Project. On the final day, Friday, October 30, students of Agawam High School enjoyed a day to show off their creativity and costumes. Some of the costume winners for the event were Alex Rust as the Joker for the scariest costume. Ms. Murray, Mr. Karetka, and Mr. Schnepf took best group as Dorothy, the Tin Man, and Lion from the Wizard of Oz. This was Ms. Murray and Mr. Schnepf's fourth year winning best group. Also, winning funniest costume was Michael Barboza dressed as a chicken, and most creative went to Brian LaMotte. All the costumes were very cool, and the staff and students had a fun day being someone else for a while.

"It was entertaining to see what everyone could come up with."
~ Samantha Swistak

"I enjoyed the subtlety of our group costumes and how it was unexpected, we just flashed it out."
~ Frank Mastromatteo

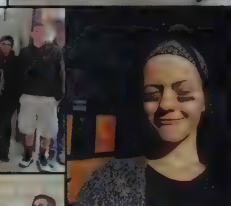

WAHS: Spirit Week

"I like how this week shows that Agawam High has a lot of Brownie pride and school spirit."
~ Lily Mosiychuk

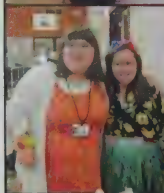

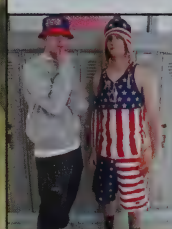

"I liked how Spirit Week pumped everyone up for Pep Rally. It was pretty dope."
~ Tristin Romano

The Student Government Club organized Agawam High School's third annual Spirit Week, where in preparation for the Pep Rally, the students and staff members come together in a spirit of unity. The participants spend an entire week, from Camo Day, to Hawaiian Day to Sports Day, from Twin Day to Red, White, and Blue Day, and topping it off with a final battle between class colors, showing off their school pride. Everyone had a lot of fun this week, with lots of smiles and laughter. The over-the-top outfits showed the amount of time and effort each person put into becoming a part of the tradition. Mr. Murphy, the adviser of the Student Government club says, "Spirit week brings out the best in people."

"Honestly, my favorite part of the week was that I was able to abuse the power that I could wear a hat to school."
~ Christie Mirski

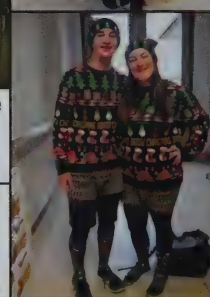

"My favorite day was Sports Day because I represented the #1 soccer team, FC Barcelona, and wore bae (Messi) on my back."
~ Sofia Kirik

"There was literally no one in school on camo day."
~ Tara Negrucchi

"On America Day, I pulled into the parking lot and could smell the freedom."
~ Hannah Kresock

WAHS: Powder Puff

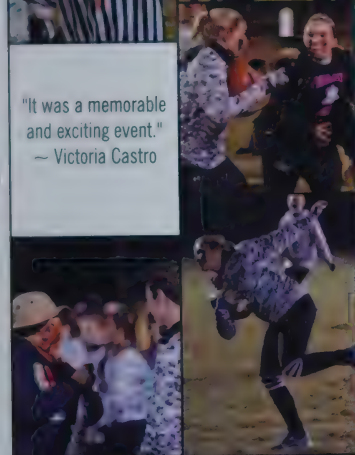

"Back to back champs.
maybe next year juniors"
~ Maddy Aubrey

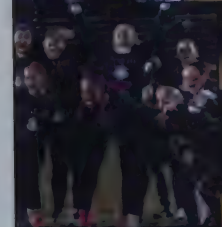

"It was a rough battle because
the seniors were reckless."
~ Nina Bruno

"It was a memorable
and exciting event."
~ Victoria Castro

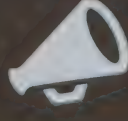

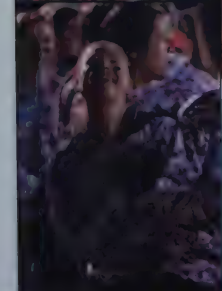

On November 24, 2015, the traditional Powder Puff football game was played under the lights on the Harmen A. Smith field. It is a friendly competition played between girls from both the Junior and Senior classes. This game is a chance for the girls to show that football isn't just for guys. In past years, the game has been played during an activity period, but this year the game was played on a very cold evening. While the Juniors put up a tough fight, they were no match for the reckless Seniors. For the second year in a row, the Class of 2016 won the game being the only class in recent history to do so. Hopefully next year, the Juniors will be able to defeat the Class of 2018 in yet another electrifying Powder Puff game.

"When you catch an interception you should
probably run the right way."
~ Annie Torres

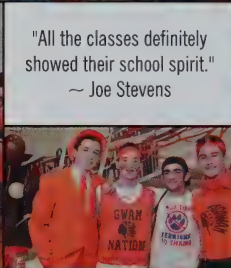

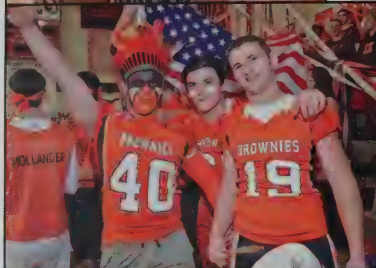

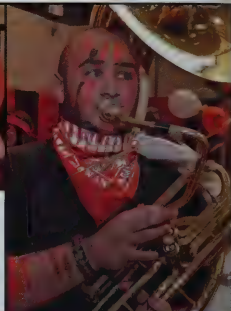

"It was an exciting
experience."
~ Kaila Keene

WAHS: Pep Rally

"It was great that all the teams were represented and got to show their awards for the season."
~ Mike Basile

"All the classes definitely showed their school spirit."
~ Joe Stevens

Pep Rally is a time to unite, show school spirit, and pump up our football team for the big Thanksgiving Day game that was held on our home field. This year all sports showed off their achievements and awards for the season walking their new banners around for everyone to see. The gymnasium looked like a sea of orange with everyone covered head to toe in school spirit. After long preparation of outfits, posters, and other decorations, it was time to see what class had the most spirit. For a second year in a row the Class of 2016 showed that they had the most school spirit. With all classes joined together to sing one last time, we sent our football team and seniors off with an extremely memorable pep rally.

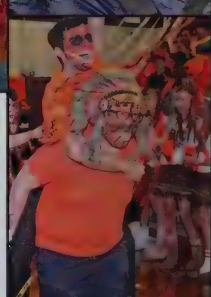

"Our performance went great and hearing the classes get excited for our dance really pumped us up."
~ Karli James

"We really united this year, the seniors were extra loud and pumped since it was our last one. We had to go out in a big way, it was lit."
~ Brett Fila

"I have been to four pep rallies, this being my last and this was for sure the best one."
~ Camille Williams

Orange and Brown Day

WAHS: Thanksgiving Game

"During the whole game I was on my toes; it was a great game."
~ Karly Milne

"I'm sad it was my last time to perform on the field, but I'll never forget it."
~ Ian Sounder

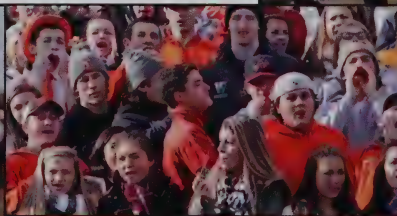

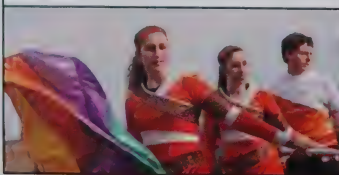

It's the annual Thanksgiving Day Game where people from all around town come to support our Brownies in the traditional Agawam Brownies versus West Springfield Terriers rivalry football game. The game started rough for the Brownies, but during the second half they came back to win the very exciting football game. The entire game had the whole crowd biting their finger nails and tapping their legs. The Marching Mohawks gave a wonderful performance during half time, and the cheerleaders never failed to lift the Brownie's spirits. Our quarterback's arm and amazing defense got the team to finish with a score of 34-32. It was a great way to end the final game for the senior players and the Harmon A. Smith field.

"Three years in a row; that's all I have to say."
~ Mike Basile

"I was freaking out the whole time, but our boys came through."
~ Alexandra Bortolussi

"I'm proud of my team, and that we left with a win."
~ Christopher Morassi

GWAM LIVE

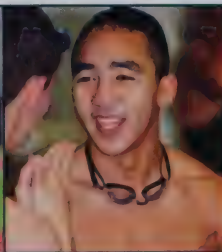

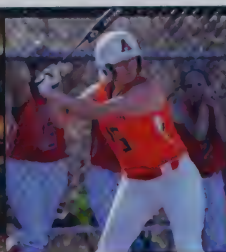

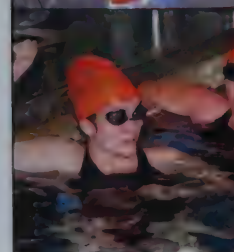

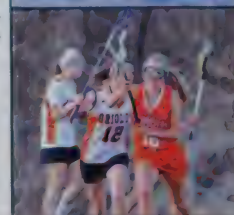

Sports

Sporting events at Agawam High School play a big role in most students' daily life. Whether you're cheering someone on from the stands or partaking in the sports, game day is an exciting day for all.

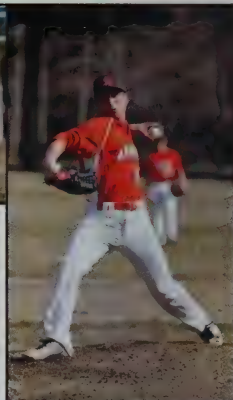

Preparation includes wearing uniforms to school, getting pumped up on the bus ride, and walking out and seeing the fan section for the first time. Who has the best fan section? Agawam High School does. Whatever the sport may be, Agawam High School students are always there to support and cheer on the team. Taking on the role as an athlete is a big responsibility. Balancing school as well as games and practices can be challenging; however, if you love the sport it is well worth it. Playing that last game on Harmon A. Smith was a memorable moment for some students this year. We are excited for what the upcoming stadium will look like!

The baseball team started off slow, but they kept fighting and made their first win against East Longmeadow taste even sweeter. The competition was very tough this season with most games only having a 1 or 2 run difference. The team had a lot of chemistry this year and making the graduating seniors' season very memorable. Even though it was not necessarily a winning season the boys stayed determined and played well. The seniors will definitely be missed next year but wish the team "good luck" in the seasons to come.

The boys' lacrosse team had a good season this year. They came in second in their league overall with Cathedral sliding by with the win by one goal to barely claim first. Another great accomplishment was beating South Hadley for the first time in many years. After losing some key players last year, the boys knew they had to step up their game. They had five captains this year, Nicholas Antico, Tahir Blair, Nicholas Hanchett, Christopher Basile, and Zachary Circosta to lead their team. The boys are looking forward to their season next year and their determination to claim first in their league once again.

The softball team started off stronger than ever this year. They knew while rebuilding their reputation, they had a target on their backs, and every team was ready to play their best game against the Brownies. Although they didn't get the undefeated season they were all planning, captain Becca Uschmann said, "It was good to get our first lost out of the way. It made us work harder." With a season record of 15-5, the team was determined to bring home the Western Mass Championship, and they did, defeating Chicopee, Minnechaug, and Pittsfield to take home the trophy. They played a great game against St. Peter-Marian in the State semi-finals, but lost 0-1 in the end. The AHS Softball Team should be very proud of their season; as always, they bring it every time.

What a comeback the girls' varsity field hockey team made this year. The girls did not know what was in store for them with new coach, Karen Gomez, leading the team. However, Gomez knew what to do to help the team succeed. After a record of 4-9-4 in the 2014 season the girls really stepped it up this season ending with a record of 10-6-3. Almost tripling their wins was a huge accomplishment this year. A few big accomplishments this year were beating Westfield, who has been a tough team to beat for many years, and tying Minnechaug twice, another exceptionally skilled team. The team worked incredibly hard to earn their spot in playoffs. Although they did not reach their ultimate goal of going to Western Mass, these girls worked exceptionally hard. Captain Madison Gabel said, "I love this team; we really came together this year and I am extremely proud of everyone."

The Agawam Varsity Football Team had an excellent season this year. Undeclared, they entered the playoffs with a determination to win, and they finally conquered the Waconah Warriors. The Brownies made their way to Western Mass finals where they faced Chicopee Comp, but unfortunately lost with a final score of 36-44. The Brownie teammates were always supportive of one another on and off the field. They finished the season off by winning the Thanksgiving Day Game against West Springfield with a score of 34-32. Overall, the Agawam Brownies made this season a memorable one for everyone. Dominic Grasseti said, "We were always there for each other when we needed it; we had a lot of fun together and acted like a family." It was also bitter sweet knowing this was the last team to play on the original Harmon A. Smith Field as construction will begin in spring on the new stadium.

The varsity golf team had an outstanding year this year. After losing 10 seniors the team still managed to have a terrific season ending in only 3 losses. This left them with a record of 16-3. They came in second as a team in the Western Mass finals, which led them to States. Captain Matteo Godek, who says he has been golfing his whole life, has played a lead role in the team's success this year. Godek came in 3rd in the Western Mass finals. As well as shooting a 5-over 77 to record the lowest score for a Western Mass golfer at the State championship while finishing in 7th place. Even though they did not reach their ultimate goal of winning states they definitely have a lot to be proud of with many fond memories. Kevin Lecuyer shared that one of his favorite memories is, "chipping in for eagle on holes of Chicopee Country Club with my boy Matt Rogalski." Great season; job well done!

For the past eight years I've been in gymnastics and I've learned that all you need is some confidence and good friends by your side," said Amber Fillion. The boys had one of their best seasons this year, ranking top 20 in the State. They ended the season with only 4 losses out of their incredibly tough schedule. The boys made it into playoffs defeating all their opponents and making it all the way into the Western Mass finals. The two final teams were Agawam and Longmeadow, two rivals; it was a fight to the finish game. Through all the injuries they had this season, everyone stepped up and made a name for themselves. They rose above all obstacles and put in the work needed to make it an awesome season. This team's 12 seniors set a good example for their teammates. "The best of luck to the team in all their seasons to come," said all the senior boys. Congratulations to the boys on a great season!

They continued their journey into the second round of playoffs against Minnechaug. The game was almost over, losing 3-0, when the girls continued fighting until the end scoring 2 goals. After losing their first game against Hampshire, they were determined and won the game against Chicopee Comp. Senior captains Christie Mirski and Meghan D'Amours stepped up this year to encourage and motivate the other players, which created a strong bond within the team. The captains also scored many key points for the team. No matter what, these girls did not give up. The girls finished the season strong with 5 wins out of their last 7 games. The team will be losing many seniors this year but the underclassmen are ready to carry the team to victory in the next season.

The boys' varsity hockey team had a big change this year losing 10 strong and very skilled players from the 2015 season. It was a big adjustment but they worked hard in the off season to prepare for what was to come. Ten spots to fill was a tough decision for head coach Richard Feeley. The new players earned their spot and worked hard to be ready to face their tough opponents. A big accomplishment this year was beating Westfield. Captain John Passerini said, "Beating Westfield in Westfield was the best feeling because we were the underdogs." Seniors Keith Ruby and Brett Fila also agreed beating them twice was the highlight of their season. Junior Connor McAnanama, varsity goalie said, "This sport helps build friendships and we bonded really well this year." The six seniors leaving said their most memorable moment was playing at TD Garden last season.

The boys' indoor track team competes on Tuesday and Friday nights at Smith College in Northampton. Although the boys had a tough season, they still put in their all and tried their absolute best. These boys are like a big family, constantly cheering each other on meet after meet and getting one another to keep going. Taking a look at this yearbook and remembering all of the fun you had playing your favorite sport and looking at all the friends you made is going to be one of the happiest memories that you will have. Sometimes it was challenging but you got through it, as a team. You survived the long, harsh practices which eventually led to being asked to participate in a meet. For every loss, you improved. For every win, you got better. For most of you, the highlight of this season was being asked to come join in on a meet, and you will always have that moment to remember.

The boys' ski team had a fun and exciting year. Even though there wasn't a ton of snow, it did not set them back, the boys fought through it, making the most out of what they had to work with. All of their hard work paid off with all the individual wins by getting better times than the previous meets. Being part of a ski team is an individual sport but these boys all worked together in order to help improve their times. All the new members fit in as if they have been a part of the team forever, stepping up, replacing the seniors that left last year. The four seniors this year will be greatly missed by the rest of the team! The seniors Matt, Dom, Cam, and Alex wish the team best of luck in years to come! Some of these seniors picked up this sport this year but loved every minute of it and are glad they joined the team. These boys enjoyed their last season with the team. Jillian has been skiing since age five and it all paid off when she came out on top winning the 2016 State Alpine Skiing Championship. Eighteen years ago you were born, weighting in at 10.5 pounds and 23 inches long. Then walking at only 10 months old, we knew back then that you had strong will and determination. As you grew your strong sense of morals and determined "I can do it" nature has prevailed both in school and on the football field "GO 21!" Jillian Scherpa

Jillian,

From the day you were born you had an extra spirit about you, you were a presence, wise beyond your years, never shy or intimidated by the unknown; you had a zest for life with a bit of "wild child."

At three years old you became a child of winter and never looked back, always first in line at 9 a.m. waiting for the chairlift to open and the last to ride the chair at 9 p.m. Your passion for ski racing never wavered; you have made us hold our breath in fear, cry from your pain, and beam with pride. Whether a devastating crash or a thrilling victory ~ always a champion demonstrating dignity, grace, and remaining humble.

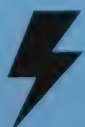

You are an ambitious young woman who gives her all in every aspect of life, whether on the soccer or lacrosse fields, on the mountain, or in your studies, we are so very proud of you for setting the bar high, never holding back, and accomplishing your goals.

In the next stage of your journey, may you continue to follow your dreams, embrace adventure, and know no boundaries. . .

SAFETY IN PARIS WITH SOCIAL MEDIA

Social media helped support and bring people together in France, and around the world, after a series of attacks in Paris. Facebook® activated its "Safety Check" feature for the first time, and over 4 million people marked themselves as safe, notifying 360 million friends of their status. Users were also given the opportunity to show solidarity by overlaying their profile picture with the French flag. On Twitter, the hashtag #rechercheParis (search Paris) had more than 64,000 tweets in 24 hours after it was 1st used by a woman in France trying to locate family and friends.

DEBATES DRAW RECORD VIEWERSHIP

Early Republican and Democratic presidential debates drew record-setting television ratings, surpassing the NBA Finals, the MLB World Series™ and most NFL games. Candidates Donald Trump and Hillary Clinton were cited as the primary drivers of viewership. The Republicans averaged an audience of 24 million viewers, while the Democratic matchup brought in over 15 million.

OVER THE MOON

A rare supermoon total lunar eclipse, not seen since 1982, was viewed by much of the world in September. The so-called super "Blood Moon" appears larger due to its proximity to Earth and takes on a reddish hue as it passes behind the Earth into its shadow. Hashtags #BloodMoon and #SuperBloodMoon trended worldwide as stargazers documented the rare sighting on Facebook®, Instagram and Twitter. Next supermoon glimpse: 2033.

CHIPOTLE HIT WITH E. COLI OUTBREAK

An E. coli outbreak sickened more than 50 people at Chipotle Mexican Grill restaurants in 9 states. While the Centers for Disease Control and Prevention has not identified the source, Chipotle is changing the way it cooks and prepares food to increase the safety of its customers. Despite those efforts, Chipotle is currently under a federal criminal investigation for foodborne illness related to an outbreak at its Simi Valley, Calif. restaurant.

CHINA ENDS ONE-CHILD POLICY

China has announced an end to its decades-long one-child policy. Over concerns that an aging population could impact the country's economic ascent, all married couples will now be able to have 2 children. The one-child policy was introduced nationally in 1979 to slow the population growth rate and limit demands for water and other resources.

CECIL THE LION

Walter Palmer, a big game hunter, took down a 13-year-old lion named Cecil while in Zimbabwe for a guided hunt. The lion lived in Hwange National Park and was part of Oxford University's Wildlife Conservation Unit study. News of Palmer's action sparked criticism among activist groups and the general public, though Zimbabwe did not charge Palmer.

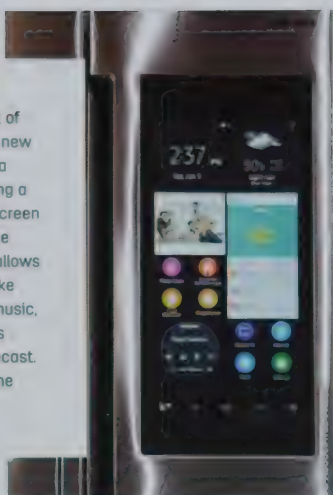

PERSON OF THE YEAR

German Chancellor Angela Merkel was named *TIME* magazine's 2015 Person of the Year, citing her handling of the European economic crisis over Greek debt and managing the European refugee influx. Merkel is only the 4th woman since 1927 to be named an individual winner outright. The others: American socialite Wallis Simpson (1936), Queen Elizabeth II (1952) and Corazon Aquino (1986), the 11th president of the Philippines.

FRIDGE OF THE FUTURE

If the kitchen is the heart of a home, then Samsung's new smart fridge will make it a family's hub, too. Featuring a 21.5-inch vertical touch screen embedded in the door, the Family Hub Refrigerator allows users to leave notes, make shopping lists, listen to music, watch TV, order groceries and get the weather forecast. Looks like the fridge of the future is here—today.

ALIEN CLOUDS IN SOUTH AFRICA

When dark disc-like clouds loomed over the Table Mountain in Cape Town, looking like something out of a science fiction movie, it quickly went viral on social media. There was no real cause for concern, though. "Lenticular clouds," named for the lens-like shapes they create, have sometimes been confused for UFOs. They typically form when high, humid winds blow over mountainous terrain, and are different from other clouds because they do not move.

#BLACKLIVESMATTER

The social movement, Black Lives Matter, has focused international attention on racial inequality and criminal justice within the African American community. Supported by boycotts, protests and social media posts, activists are challenging the political system, pressing for change to address questions of race and justice.

HOVERBOARDS ARE HOT

The hoverboard was 2015's "in-demand" item. The mini-Segway® or self-balancing boards feature everything from built-in GPS to speakers for connection to a mobile phone. Despite their popularity, hoverboards experienced problems later in the year. They aren't permitted everywhere and some models caused explosions and house fires while being used.

DISCOVERIES

COMING TO A CONE NEAR YOU

Sticky fingers, be gone! Scientists at the University of Edinburgh discovered a naturally occurring protein that binds air, fat and water together, which can be used to create ultra-smooth ice cream that resists melting. Don't rush to your favorite grocery store yet. Researchers say it will be another 3-5 years before it's available.

HEAD TILTS MELT HEARTS

When Fido tilts his head while you're talking, it's because he really understands. Right? According to a survey by *Psychology Today*, it might have more to do with vision. Dogs scan faces to read emotions. Tilting their heads when being talked to may be a way of compensating for their muzzles, which obscures part of their vision. So a head tilt is one way to see you better... and get treats for being adorable.

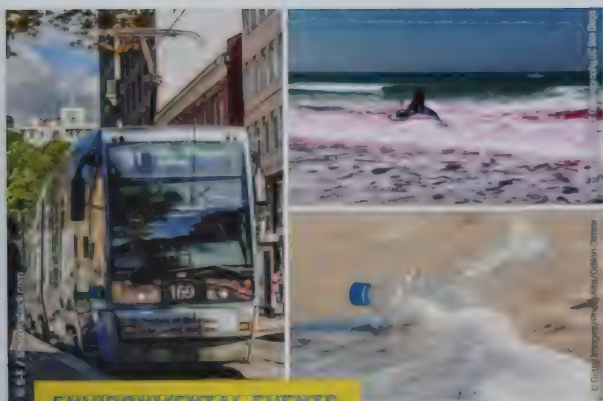

WATER ON MARS

NASA scientists have found evidence of liquid water on Mars, leading them to suspect that it is possible to have a habitable environment on the Red Planet. Discovery of water on Mars may make the planet more practical for human exploration and activity.

FDA BANS ARTIFICIAL TRANS FATS

The U.S. Food and Drug Administration, as part of its commitment to heart health of Americans, announced that the food industry has until June 2018 to eliminate artificial trans fats from processed food. Keep in mind, this will not eliminate trans fats totally from one's diet as naturally occurring trans fats are found in some food, such as meat and dairy products, as well as natural oils.

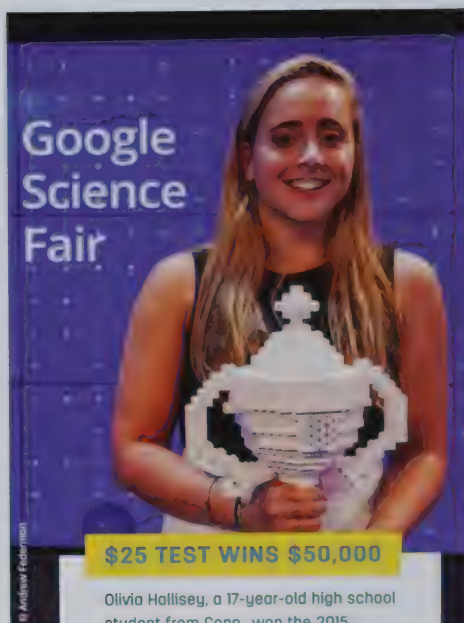

ENVIRONMENTAL EVENTS

Norway announced that it will permanently ban cars from Oslo, its capital city, by 2019. The traffic ban was part of a larger plan to reduce the emission of greenhouse gases by 50%. Over the next 3 years, the government plans to build 37 miles of new bike lanes and invest heavily in existing bus and tram networks.

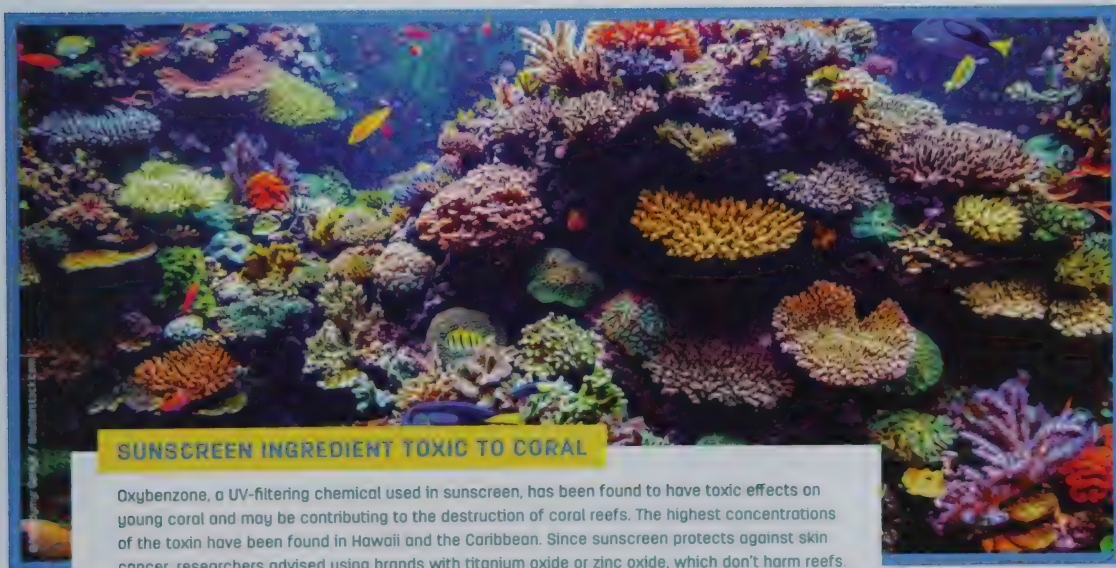

A team of U.S. and Mexican scientists released 30 gallons of non-toxic fluorescent pink dye into the ocean off California and Mexico to learn how pollution moves and dilutes along the coasts. The study builds on the success of previous beach pollution studies and results will help develop models for predicting when it is or is not safe to go in the ocean.

Millions of tons of plastic are dumped into U.S. landfills each year, with little of it recyclable. Researchers at Stanford University discovered that mealworms could be a natural solution to the global plastic pollution problem. Fed a daily diet of Styrofoam™, the tiny worms broke down what was once believed to be a non-biodegradable product. Scientists hope this information will lead to a marine equivalent that can defend the Earth's oceans by digesting plastic.

\$25 TEST WINS \$50,000

Olivia Hallisey, a 17-year-old high school student from Conn., won the 2015 Google Science Fair grand prize and a \$50,000 scholarship with her creation of a low-cost, rapid detection test for the Ebola virus. Currently, a detection kit costs approximately \$1,000 and takes nearly 12 hours from screening to diagnosis, while Hallisey's costs \$25, and takes 30-minutes, working even when patients lack symptoms.

SUNSCREEN INGREDIENT TOXIC TO CORAL

Oxybenzone, a UV-filtering chemical used in sunscreen, has been found to have toxic effects on young coral and may be contributing to the destruction of coral reefs. The highest concentrations of the toxin have been found in Hawaii and the Caribbean. Since sunscreen protects against skin cancer, researchers advised using brands with titanium oxide or zinc oxide, which don't harm reefs.

TECHNOLOGY

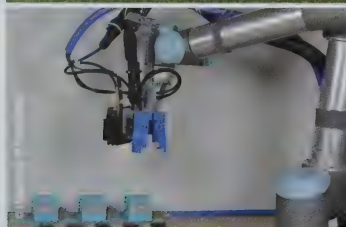

IT'S FACEBOOK OFFICIAL

Facebook® confirmed it's rolling out a new set of 6 emojis, called "Reactions," that allow users to express a broader range of emotions than a simple "Like" – such as love, wow, anger or sadness. While Facebook picked the 6 reactions by consulting with sociologists, a dislike button is not among the options as the site worried it would be used in negative ways.

ARTIFICIALLY INTELLIGENT

The University of New South Wales in Australia defended its RoboCup World Championship title by defeating the Germans 3-1. With 300 teams from 47 countries, the finals involved waist-high robots on a 30-foot-long soccer field. The competition encourages development of robotics technology.

Researchers at the University of Cambridge in the United Kingdom developed a "mother" robot that creates generations of smaller "baby" robots, evaluating and selecting the best to "survive." It is the first time natural selection has been successfully built into a machine, marking an important step forward in artificial intelligence.

Featuring a fictitious coffee brand, the billboard adapted its advertisement by cycling through different images, designs, fonts and colors, ultimately crafting messages that resonated with each viewer.

ORANGE YOU GLAD THIS FIGHTS POLLUTION?

Mercury contamination plagues many areas of the world, affecting food, soil and water supplies. Researchers at Flinders University in South Australia developed a new, inexpensive, non-toxic material from industrial waste and orange peels that reacts together to form a soft red rubber to absorb mercury, making it easy to clean up contaminated water. It addresses a healthier environment while also using waste to destroy waste.

"TIE" YOUR SNEAKERS WITH ONE HAND

The newest sneaker in Nike's® lineup was developed after high school student Matthew Walzer wrote to the company asking for more accessible footwear for people with disabilities. Nike designers and Walzer collaborated for 3 years on prototypes. The result was the Flyease 8, a LeBron James-branded basketball shoe with a 1-handed fastening mechanism inspired by doors with hinges, and how they open and close.

BRAND NEW BEAK

Tieta the toucan was missing nearly half of her beak, which made it difficult for her to eat. A Brazilian research team spent nearly 3 months designing a new beak, which was then created on a 3D printer. At 1.5 inches long and weighing less than 1 ounce, it took her just 3 days to learn how to use it.

A HELPING HAND

Open Bionics™ revolutionized prosthetic limb technology by using 3D printing to introduce some of the world's smallest bionic hands modeled after iconic Disney® characters. Kids who need prosthetic hands are getting bionic ones inspired by some of their favorites such as Iron Man, Queen Elsa's frosted blue gloves or a Star Wars™ lightsaber. While these bionic hands are designed for children, adults have been making requests too.

WITS ALL ABOUT THE CUP

For the 3rd time in 6 years, the Chicago Blackhawks™ won the Stanley Cup® with a 2-0 victory over the Tampa Bay Lightning™, making it their 1st on home ice since 1938. Defenseman Duncan Keith was unanimously voted playoff MVP.

Manning deflected questions about his potential retirement, focusing on his team, wife and family instead. The game MVP was Von Miller, who forced 2 fumbles by the Panthers, becoming just the 10th defensive player to earn the honor.
